CAREER OBJECTIVE

Passionate and detail-oriented Full Stack Developer (MERN) and active competitive programmer focused on building scalable, user-centric, and highly performant web applications. Aspiring to leverage expertise in React, Next.js, Node.js, and MongoDB in a professional software development role to deliver high-impact digital solutions while continuously mastering new technologies.

SKILLS

Frontend: React.js, Next.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, DaisyUI

Backend: Node.js, Express.js, RESTful APIs

Database: MongoDB, MySQL, Mongoose ODM

Programming Languages: C, C++, Java, Python, JavaScript

Tools & Platforms: Git, GitHub, Firebase, Better Auth, Vercel, Netlify, VS Code

Interpersonal Skills: Problem Solving, Teamwork, Analytical Thinking, Communication

PROJECTS

- IdeaVault – Startup Idea Sharing Platform** | *React, Express, MongoDB, Firebase, JWT* 2026
- Developed a full-stack community platform for sharing startup concepts. [\[Live Site\]](#) | [\[Client Git\]](#) | [\[Server Git\]](#)
 - Implemented Firebase Google/Email OAuth paired with custom server-side JWT verification for secure session management.
 - Built a dynamic search engine using regex queries, reducing dashboard page load times by 25%.
- Tiles Gallery – Premium E-Commerce Showcase** | *Next.js, Better Auth, MongoDB, Tailwind CSS* 2026
- Built a premium, responsive wall and floor tiles e-commerce catalog. [\[Live Site\]](#) | [\[Client Git\]](#) | [\[Server Git\]](#)
 - Integrated Better Auth for secure OAuth and credentials, protecting user-specific details routes.
 - Leveraged Next.js Server-Side Rendering (SSR) to improve first contentful paint (FCP) performance by 35%.
- Keen Keeper – Personal CRM Platform** | *React, Tailwind CSS, Firebase, Context API* 2026
- Created a smart client relationship management system. [\[Live Site\]](#)
 - Designed an algorithm to auto-flag high-priority contacts needing follow-ups, increasing client retention simulation by 40%.
 - Configured secure Firebase authentication rules to guarantee absolute data privacy.
- DigiTools Platform – Digital Resource Marketplace** | *Next.js, React, Tailwind CSS, DaisyUI* 2026
- Developed an optimized digital assets marketplace for browsing digital utilities. [\[Live Site\]](#)
 - Designed an accessible interface following WCAG guidelines, ensuring cross-device support.
 - Implemented frontend filtering and fast state-updates for instant product search discoverability.

EDUCATION

- Mawlana Bhashani Science and Technology University** 2023 – Present
- B.Sc. (Engineering) in Information Technology* Tangail, Bangladesh
- Relevant Coursework: Data Structures & Algorithms, DBMS, OOP, Operating Systems, Software Engineering
 - Focused on algorithms, clean software architecture, and modern web application development

COMPETITIVE PROGRAMMING & ACTIVITIES

Codeforces

- Achieved **Pupil** rank (Max Rating: 1200+); solved **500+ problems** focusing on dynamic programming and graph theory.
- Participate regularly in contests, strengthening real-time optimization, debugging, and computational logic.

LeetCode

- Solved **200+ algorithmic questions**; earned **50-day** and **100-day consistency badges** for active daily practice.
- Focused on tree traversal, sorting algorithms, and complex data structure optimizations.

ICPC & NCPC Participation

- Participated in ICPC and NCPC programming contests, collaborating with team members under tight time limits.
- Practiced collaborative problem-solving, rapid debugging, and runtime-optimal code generation.

LANGUAGES

Bangla: Native proficiency

English: Professional working proficiency (Fluent in writing and professional communication)
